TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt.** However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. **Be careful in making your bids.** Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same,

and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

NOTE—A printed list of all the prices realized at this sale will be sent for one dollar, cash with order in advance. Or it will be furnished to bidders at this sale for only 25 cents in coin, if ordered in advance of the sale, and a quarter is enclosed with the bids. It is a great help and a satisfaction to keep posted on values.

A TRIP ABROAD

(Continued from 112th catalog)

Upon our arrival in Oslo at a comfortable hotel, we have the honor to take breakfast, the Norwegian "frokost," with Dr. Sverre Norborg, secretary of the World's Sunday School Convention then convened in Oslo. Norborg was interrupted 58 times during the lengthy Scandinavian meal, and his position made him about as busy as a shoestring peddler on a bright warm day on Maxwell street in Chicago.

Oslo, a charming city of 300,000, Norway's metropolis and capital, was especially bustling, being host to several thousand delegates to the World's Sunday School Convention. The Convention badge passed the wearer to free rides on the street cars at all times. We attended sessions of the convention to hear the Great Kagawa of Japan, Dr. Lamont of England, and reports of delegates from Burma, Poland, Scotland, Austria, Egypt, Australia, and South Africa. The 1940 Convention will be in South Africa.

My first coin hunt was made among the interesting shops of the city with a net result of the purchase of only one coin, a superb Salvator crown of Christina. Then we went sight-seeing. There is a large hospital with three thousand beds. There are free summer homes for those who can't afford their own. Here were held the international ski meets. From some of these hills, one enjoys magnificent panoramic views of the city. We looked over the rare old Viking ships, the only three known. These are not the ones that brought over America's discoverers in A.D. 1000, but one of them is similar. Many wagons, sleds, and queen's implements of the day of the Vikings are also saved with these three rare ships.

The government coin cabinets are centrally located in the Historic Museum. The collection is very much worthwhile, and represents every country of the world. Of course, it is richest in Scandinavian coins, but there is a very fine and complete English collection, and a good general European collection, well-displayed in numerous cases, easily studied. An interpreter is a help in case you do not know the Norske tongue. The curator does not speak English. The medal collection is one of the finest. The collectoins of early coins of Norway are superb and extensive. It requires many hours for a numismatist to make a study of such groups.

Five days in the city pass quickly, and we spent a night at the fine Norborg home on a beautiful island at the edge of the city, preparing to leave the next day for a trip north through the country to see more of this ideal summer vacation-land.
